COMPANY PROFILE

INTRODUCTION

Dive Resources Sdn Bhd is a specialist provider of comprehensive inshore and offshore marine solutions. Headquartered in Malaysia, the company has established a solid foundation of expertise within the dynamic and rapidly advancing offshore industry. Over the years, we have successfully executed a wide range of projects across Malaysia, Singapore, Brunei, Indonesia, Vietnam, and Thailand.

Our core services encompass an extensive suite of diving and marine support operations, dedicated to serving the oil and gas industry, marine sectors, and both inshore and offshore civil engineering works. We are committed to delivering end to end underwater solutions with the highest standards of safety, quality, and professionalism, ensuring the reliable execution of complex marine assignments.

DIVE RESOURCES

QUALITY, HEALTH, SAFETY & ENVIROMENTAL POLICY

OUR MISSION

Dive Resources is committed to delivering high service quality standards through rigorous training programmers, adherence to industry compliance, adoption of state-of-the-art technologies, and service excellence.

OUR VISION

To provide leading and highly competitive underwater inshore & offshore marine engineering services.

MARINE & SHIP MAINTENANCE NDT — TOPSIDE & UNDERWATER SERVICES

- Underwater Hull cleaning and propeller polishing using hydraulic power-pack and brush kart
- Class Society In-Water Survey / UWILD for Rigs, Ship Husbandry & FPSO
- Underwater Hull Repair – SBM / SPM / SALM IRM
- Marine salvage works
- Full Range Underwater Inspection, Repair & Maintenance Services
- Topside & Underwater Non-Destructive Testing (NDT)
- Underwater Onshore Construction Services
- Underwater Pipe & Cable Laying Inspection and Maintenance

OTHER SERVICES

We provide rental of Air Spread Systems and heavy machinery, including support for various industrial and offshore applications.

We provide ROV services, including inspection, maintenance, and underwater interventions, along with ROV rental for various offshore operations.

We provide trading of marine equipment, diving consumables, safety gear, offshore tools, and spare parts.

COMPANY PROFILE

COMPETITIVE ADVANTAGE

Dive Resources Sdn Bhd sets itself apart through a combination of deep industry expertise, a highly skilled and certified team, and a commitment to safety and quality in every operation. Our comprehensive range of services, regional project experience, and ability to deliver efficient, turnkey solutions allow us to meet complex client requirements reliably. Strong partnerships, advanced equipment, and strict adherence to international standards further position us as a trusted and preferred partner in the marine and offshore industry.

01 Efficiency

We deliver fast, reliable, and high quality solutions through skilled teams and streamlined operations.

02 Quality

We uphold the highest standards to ensure safe, precise, and dependable results in every project.

03 Customer

We prioritize customer satisfaction by delivering tailored solutions and building long-term partnerships.

04 Innovation

We apply advanced technologies and creative solutions to meet evolving industry challenges.

WE ARE...

Certified by 7 Classification Societies, a member of the Association of Diving Contractors International (ADCI), and a registered vendor with major ports in Malaysia.

Established in March 2014, we provide high-quality in-water services for the marine, shipping, and offshore industries. Committed to safety, quality, and cost effectiveness.

Our expertise covers commercial diving, intermediate surveys, Class IWS, real time CCTV inspections, underwater ship maintenance, hull cleaning, propeller polishing/repair, accommodation upgrading, industrial rope access, and engineering support.

Our commitment to excellence has enabled us to collaborate with numerous reputable international clients. With a comprehensive service offering, we are able to deliver customized solutions tailored to the specific needs of a diverse range of industries.

DR operates across various sectors, including the marine and shipping industries, oil and gas, petrochemical and refinery sectors, power plants, module and shipyards, and general industries all while continuously expanding to meet the evolving demands of our clients.
